## Q & A

### WHAT DO YOU DO TO RELAX WHEN YOU'RE NOT WORKING?

I like to be active, so I run, bike and swim. I also enjoy golf, racquetball, boating and working around the house on home improvement projects.

### WHY DID YOU CHOOSE TO THE INDUSTRY/AREA IN WHICH YOU WORK?

The auto industry is a rollercoaster ride of highs and lows that isn't for everyone. When things are great, it's really fun to work within that industry. When things are less than great, there is still opportunity to help people succeed. The difficult part is enjoying the highs without getting lost in the lows that occur.
